Attention Dr. J.A. Kruger

Dear Jo,

I met you in 2000 when you were assisting Hoogovens SA (Pty) Ltd. with contractual and commercial matters. Since then I have had the need to employ your services whilst I project managed two difficult construction contracts, one at Dwaalboom and the other at Lephallale. In both instances you provided an exemplary service with sound recommendations.

More recently, based on my knowledge of your commercial and contractual capabilities, I have again employed the services of you and your team in the setting up of a business with reference to financial, commercial and contractual matters. Once again your knowledge and enthusiasm in assisting us has exceeded our expectations.

Given the above it is high time that I congratulate you and your team for excellent service. Thank you.

Kind Regards,

**Dougal Wighton**  
Managing Director
